St. Columba Collaboration Neighborhood Survey Project

Introduction

In Spring 1998, the St. Columba Collaboration (including St. Columba Church, St. Columba Elementary School and the St. Columba Neighborhood Club [i.e. "the Collaboration"]), with the assistance of the UMDNJ-School of Nursing, conducted a research project involving surveys of neighborhood residents and Club users. This quantitative survey approach was complemented by qualitative focus groups conducted among School and Club staff. Overall, the project was undertaken to acquire self-report descriptive statistics on the neighborhood residents and Club users as well as to ascertain their health and social service needs. Findings from the quantitative and qualitative approaches will be used to evaluate and revise current collaboration services, to design and implement new services, and to advocate for residents' needs within the context of health and social service agencies of the larger city and state systems.

This document summarizes the findings of the two quantitative surveys conducted among the neighborhood residents and the Club users. The actual surveys employed are included in appendices to this document (see Appendix A for the *Resident Questionnaire* and Appendix B for the *Users Questionnaire*). These two surveys were distributed in two versions: an English language version and a Spanish language version. The surveys were distributed by trained assistants who canvassed the neighborhood door-to-door for collection of the *Resident Questionnaire* and who individually approached users of the Collaboration's services for collection of the *Users Questionnaire*. The data obtained from all of the resident and user questionnaires was analyzed using the StatPac Gold statistical software system at UMDNJ.

The document is organized into two sections for clarity of presentation. Section One depicts the findings from the *Residents Questionnaire* and Section Two includes findings from the *Users Questionnaire*. The findings include data from 296 neighborhood residents and 471 Collaboration users.

Section One

Major Findings from the Residents Questionnaire

The Residents Questionnaire contained a total of 97 variables. The questionnaire was divided into four distinct sections as follows: (1) questions regarding St. Columba Services; (2) Household Composition; (3) Health Services; and (4) Social Services. A final question regarding perception of the "most serious problems in the neighborhood" was directed to residents in zip code 07102.

The following outline highlights the major findings of the Residents Questionnaire. Appendix C includes a complete analysis of all the descriptive data obtained on the 97 variables in this questionnaire. This analysis includes a breakdown of findings for the total sample of respondents (N=285) as well as the two sub-samples (Spanish version respondents: N=187, English version respondents: N=108).

- The majority of the respondents (N=225; 76.3%) were aware of the St. Columba Collaborative, including the Church, School and Club.
- The majority of the respondents (N=168; 54.1%) has attended the St. Columba Church.
- A minority of the respondents (N=87; 29.2%) have had a child enrolled in the St. Columba School.
- A minority of the respondents (N=93; 31.2%) have participated in the St. Columba Club programs; of those participating in the Club's programs, the majority (N=78) are Spanish speaking.

- The Club programs utilized most by the residents include the After School Program, the Family Program, Women's classes, English classes, Pre-School Program, and Healthy Mothers/Healthy Babies Program.
- The most frequent reasons why residents use the St. Columba Club services include "good services" (N=35; 11.8%), "excellent workers" (N=18; 5.4%), and "it helps the neighborhood" (N=9; 3.1%).
- The major reason cited by residents for not using the services offered by the St. Columba Club was "lack of knowledge (unaware of Club) of the services" (N=101; 34.2%); another reason cited was "hours of service" (N=17; 5.8%).
- Of the residents who used the St. Columba Club services, the majority indicated that they were treated very well ("excellent treatment" N=46; 29.2% and "good treatment" N=63; 22.0%).
- Of the residents who used the St. Columba Club services, the majority indicated that the quality of the services were either "excellent" (N=89; 27.7%) or "good" (N=63; 21.4%).
- The program most frequently cited by residents as needed for inclusion among the St. Columba Club offerings "economic development and the creation of more jobs" (N=103; 35.6%). The other programs deemed needed by residents include: "job training" (N=90; 30.5%), "crime prevention" (N=68; 23.9%) and "housing" (N=64; 22.3%).
- The majority (N=185; 67.7%) of residents lived in households with four or less individuals. The majority of those living in households were identified by residents as family members.

- The majority ($N=159$; 69.5%) of the residents have two or less children living in their households; 29 residents (12.7%) claim no children in their households.
- The range of age of children living in the residents' households is between five (5) and ten (10) years of age; few residents ($N=14$; 7.6%) have children 15 years of age or older.
- The majority ($N=138$; 48.8%) of the residents do not have senior citizens in their households.
- The majority ($N=130$; 44.1%) of the residents with children have married parents living in the households. Of the Spanish questionnaire responses, 74 (32.6%) respondents indicated that the parents were not married in the household and 71 (31.6%) were married, with 42 (22.8%) respondents not answering the question. Of the English questionnaire responses, 36 (31.9%) respondents indicated that the parents were not married in the household and 27 (23.9%) were married, with 23 (22.1%) respondents not answering the question.
- Approximately half of the respondents indicated that the father of the children in the household did not live in the home ($N=118$) while another rough half ($N=102$) indicated that the father did live in the household. Seventy three (73) residents did not answer that question.
- The majority ($N=151$; 50.6%) of residents have lived in their present home for ten (10) years or less; of that group, the majority ($N=130$; 39.5%) have been in their present homes for five (5) years or less.
- The majority ($N=250$; 83.3%) did not have a pregnant women living in their household.

- There were fourteen (14) reported pregnant women living in the households of the respondents; the range of age of the pregnant women was 16 through 36.
- One hundred twenty seven (127) residents reported that they had other family members located in households also in the neighborhood.
- One hundred sixty seven (167) residents reported that one or more adults in the household worked outside of the house.
- The majority of the residents (N=669; 97.5%) have not completed high school, of that number, 83 (28.8%) have completed the eighth grade or less and 84 (28.3%) have completed some high school. Seventy five (N=75; 15.4%) indicated that they graduated from high school.
- Many of the respondents indicated that they receive some type of welfare benefit, including:

Public assistance:	N=113; (38.3%)
Social security:	N=54; (18.3%)
SSI Disability:	N=61; (20.7%)
Food Stamps:	N=106; (36.1%)
Subsidized Housing:	N=28; (9.8%)

- The majority (N=216; 73.3%) of the respondents indicated their race as "Latino/Hispanic" with 35 indicating "Black" as their race; fourteen (14) indicated "White" as their race.
- The majority (N=183; 62.7%) of the respondents indicated that English was not their first language. Likewise, the majority (N=157; 53.2%) claimed Spanish as their first language.

- The majority ($N=158$; 52.4%) of the respondents were born in Puerto Rico with 167 (53.2%) born in the United States. Other places of origin included the Dominican Republic ($N=11$; 3.7%), Cuba ($N=2$; 0.7%), Ecuador ($N=1$; 0.3%), Portugal ($N=1$; 0.3%), Costa Rica ($N=2$; 0.7%), Poland ($N=1$; 0.3%), Spain ($N=2$; 0.7%), the West Indies ($N=1$; 0.3%), and Nigeria ($N=1$; 0.3%).

- The most commonly reported "serious health problem" in the family was asthma ($N=113$; 35.3%) with the following also reported:

Diabetes:	$N=33$; (10.3%)
Hypertension:	$N=29$; (9.0%)
Heart Disease:	$N=38$; (11.8%)
HIV/AIDS:	$N=9$; (2.8%)
Alzheimer's:	$N=7$; (2.2%)

- Approximately one-third ($N=99$; 31.7%) of the respondents indicated that there is a single parent in the household.
- A small number of respondents reported having either a handicapped child ($N=8$; 2.7%) or handicapped adult ($N=79$; 6.4%) in their homes.
- Forty-four ($N=44$; 13.6%) of the respondents indicated that there is either a divorced or separated person living in their household.
- Eighteen ($N=18$; 5.6%) of the respondents indicated that there is a drug and/or alcohol addicted person living in their household.

- The majority (N=154; 52.2%) of the respondents indicated that they have a private physician as their usual source of health care. A smaller number (N=112; 36.2%) employ a "clínica" for health care and fifty-five (N=55; 18.8%) use a hospital emergency department as their usual source of health care.
- The majority (N=211; 71.3%) visit their "usual source of health care" for preventive health services; 135 (46.1%) visit their "usual source of health care" for acute care services only.
- The majority (N=162; 53.1%) of the respondents believe that the people living in their neighborhood would benefit from mental health services. Ninety-two (N=92; 49.5%) of the respondents to the Spanish version responded positively to this item and seventy (N=70; 64.8%) of the respondents to the English version responded positively to this item.
- The most commonly reported "serious problem affecting the neighborhood" is lack of employment (N=112; 38.9%). The following are other problems listed by respondents:

Poor Paying Jobs:	N=80; (27.1%)
Inadequate Housing:	N=75; (25.4%)
Health Problem(s):	N=63; (21.4%)
Youth Not in School or at Work:	N=61; (20.7%)
Drug/Alcohol Addiction:	N=54; (18.3%)
Domestic Violence:	N=32; (11.0%)
Lack of Health Care Services:	N=29; (9.8%)
Teenage Pregnancy:	N=28; (9.6%)

- Respondents reported use of a variety of social service agencies, including the following:

Neighborhood Club:	N=93; (21.4%)
Social Service Agencies:	N=56; (19.0%)
Health Services:	N=43; (14.2%)
Drug Rehabilitation Agencies:	N=11; (3.7%)
Mouth Cancer Clinic:	N=11; (3.7%)
AIDS Programs:	N=7; (2.4%)

- The majority (N=177; 60.0%) of respondents indicated that they seek help from family members when they are in crisis; thirty-three (N=33; 11.2%) seek help from St. Columba Church; nineteen (N=19; 6.4%) seek help from the Club; and three (N=3; 1.0%) seek help from the School.
- Of the respondents living in zip code 87102, drug addiction (N=213; 72.2%) was identified as the most serious problem affecting the neighborhood; the following were also identified as serious problems in the neighborhood:

Crime in the Neighborhood:	N=180; (61.0%)
Youth Not in School or at Work:	N=153; (51.3%)
Unemployment/Underemployment:	N=128; (42.7%)
Poor Housing:	N=107; (36.3%)
Teenage Pregnancy:	N=99; (33.6%)
Domestic Violence:	N=99; (33.6%)
Lack of Health Services:	N=88; (29.1%)

Section Two

Major Findings from the Users Questionnaire

The Users Questionnaire contained a total of 94 variables. Like the Residents Questionnaire, the Users Questionnaire was divided into four distinct sections as follows: (1) questions regarding St. Columba Services, (2) Household Composition, (3) Health Services, and (4) Social Services.

The following outline highlights the major findings of the Users Questionnaire. Appendix D includes a complete analysis of all the descriptive data obtained on the 94 variables in this questionnaire. This analysis includes a breakdown of findings for the total sample of respondents (N=171) as well as the eleven (11) sub-samples as follows:

Spanish Women Respondents	N=234
English Women Respondents	N=232
Spanish Group with School Children	N=50
English Group with School Children	N=154
English Speaking Parishioners	N=41
Spanish Speaking Parishioners	N=168
Women's Group	N=11
Youth Group	N=8
Seniors' Group	N=10
Bingo Group	N=31
Zip Code 07102	N=79

- Approximately one third of the respondents used the services of the St. Columba Church (N=166, 35.2%) and the St. Columba School (N=154, 32.7%). A majority of the total sample used the services offered by the Club (N=133, 76%).
- The majority of respondents indicated that the services received at St. Columba Neighborhood Club were either "excellent" (N=147, 32.4%) or "good" (N=138, 29.7%).

- The majority of respondents indicated that the quality of the services received at La Columba Neighborhood Club were either "excellent" (N=221, 46.9%) or "good" (N=, 43, 30.4%)
- A large number (N=254, 43.4%) of the respondents indicated that the Club needed to initiate a youth program as a priority new program, other new programs considered needed included:

Care Prevention Programs:	N=179, (38.0%)
Economic Development, New Jobs:	N=161, (34.2%)
Job Training	N=152, (31.8%)
Health Services, A Clinic	N=116, (24.6%)
Housing:	N=103, (22.3%)
AIDS Programs:	N=104, (22.1%)
Single Mothers Programs:	N=104, (21.9%)
Senior Citizens Programs	N=79, (16.8%)

- The most frequently reported zip codes included: 07114 (N=106, 24.8%), 07102 (N=79, 18.6%), and 07103 (N=34, 8.0%)
- The majority of users have lived in their present homes for five (5) years or less years (N=229, 50.1%), the majority of the Spanish survey group have lived in their present homes also for five (5) or less years (N=123, 58.9%)
- The majority of users have four (4) or less individuals living in their present households (N=148, 66.1%). Likewise, the majority of Club users responding indicated that they have four (4) or less family members living in their present households (N=291, 71.1%)

- The majority of users have 0 to 1 children living in their households ($N=278$, 72.2%), the range of children in the respondents' families extended from 0 to 18, with the average number of children per household two (2). The range of age of children living in respondents' households is from 0 to 34, with ten (30) being the average age.
- The majority of users ($79=147$, 68.2%) do not report senior citizens living in their households.
- Most of the users report that the parents of children living in the household are married ($25=209$, 44.8%), another 183 (29.4%) report that the parents are not married.
- Most of the users report that the fathers of children in the homes are present in the households ($N=218$, 46.5%), another 133 (33.5%) report that the fathers are not present in the households.
- The majority ($N=435$, 86.5%) did not have a pregnant woman living in their household.
- There were eighteen (18, 3.8%) reported pregnant women living in the households of the respondents, the range of age of the pregnant women was 23 through 36.
- One hundred fifteen (115) residents reported that they had other family members located in households also in the neighborhood.
- Four hundred twenty five (425) residents reported that one or more adults in the household worked outside of the house.

- Most of the men (N=208, 44.5%) *never* completed high school or most of high school. of that number, 130 (27.8%) completed high school. An additional 156 (33.4%) attended some college courses and/or obtained a college degree. Eighty-four (N=84, 18.0%) attended school up to or through the eighth grade.

- Many of the respondents indicated that they receive some type of welfare benefits, including

Public assistance:	N=93, (19.7%)
Social security	N=61, (13.0%)
SSI Disability	N=56, (11.9%)
Food Stamps	N=100, (21.4%)
Subsidized Housing:	N=51, (10.9%)

- The majority (N=312, 66.1%) of the respondents indicated their race as "Latino/Hispanic" with 11, (2.3%) indicating "Black" as their race, twenty (20) indicated "White" as their race.
- The majority (N=363, 76.1%) of the respondents indicated that English was not their first language. Likewise, the majority (N=222, 47.8%) claimed Spanish as their first language.
- Most of the user respondents (N=199, 44.9%) of the respondents were born in the United States with 180 (40.6%) born in Puerto Rico. Other places of origin included the Dominican Republic (N=16, 3.6%), Africa (N=16, 3.6%), Cuba (N=1, 0.2%), Ecuador (N=1; 0.2%), Haiti (N=3, 0.7%), Honduras (N=4, 0.9%), Portugal (N=1, 0.2%), and Uruguay (N=1; 0.2%).
- Approximately one-third (N=138, 29.1%) of the respondents indicated that there is a single parent in the household.

- A small number of respondents reported having either a handicapped child ($N=9$, 1.9%) or handicapped adult ($N=11$, 2.2%) in their homes.
- Fifty-three ($N=53$, 11.8%) of the respondents indicated that there is either a divorced or separated person living in their households.
- Fourteen ($N=14$, 3.0%) of the respondents indicated that there is a drug and/or alcohol addicted person living in their household.
- The majority ($N=337$, 71.3%) of the respondents indicated that they have a private physician as their usual source of health care. A smaller number ($N=91$, 19.9%) employ a "nurse" for health care and fifty-eight ($N=58$, 12.7%) use a hospital emergency department as their usual source of health care.
- The majority ($N=364$, 77.4%) visit their "usual source of health care" for preventive health services, 162 (34.8%) visit their "usual source of health care" for acute care services only.
- The majority ($N=247$, 52.6%) of the respondents believe that the people living in their neighborhood would benefit from mental health services. One hundred and three ($N=103$, 43.6%) of the respondents to the Spanish version responded positively to this item and seventy ($N=143$, 61.9%) of the respondents to the English version responded positively to this item.

- The most commonly reported "serious health problem" in the family was asthma (N=127, 29.6%) with the following also reported:

Diabetes:	N=76, (14.7%)
Hypertension:	N=66, (20.8%)
Heart Disease:	N=52, (11.8%)
BEW/ADD:	N=12, (2.5%)
Alzheimer's	N=3, (0.6%)

- The most commonly reported "serious problem affecting the neighborhood" is lack of employment (34-84, 17.8%) The following are other problems listed by respondents

Poor Paying Jobs	N=83, (13.3%)
Inadequate Housing	N=63, (13.6%)
Health Problems	N=60, (12.8%)
Youth Not in School or at Work	N=43, (9.1%)
Drug/Alcohol Addiction	N=37, (7.9%)
Lack of Health Care Services	N=33, (6.7%)
Domestic Violence	N=16, (3.4%)
Teenage Pregnancy	N=28, (5.6%)

- Respondents reported use of a variety of social service agencies, including the following

Neighborhood Club	N=76, (14.9%)
Soc. s. Service Agencies	N=31, (6.4%)
Health Services	N=27, (5.7%)
Drug Rehabilitation Agencies	N=14, (3.0%)
ADD Programs	N=7, (1.5%)

- The majority (N=238, 50.6%) of respondents indicated that they seek help from family members when they are in crisis, one hundred twenty-five (N=125, 27.5%) seek help from St. Columba Church, eighty-six (N=86, 18.7%) seek help from friends, and twenty-seven (N=27, 5.7%) seek help from the Club, and twenty (N=20, 4.3%) seek help from

neighbors.

- The Club services utilized most by the respondents include the After School Program, the Family Programs, Women's classes, English classes, Pre School Program, Senior Programs, assistance with forms and documents, nursing and social service help, notary public services, youth programs, and bingo.
- The reasons why users employed the services of the St. Columba Collaboration included the following: (1) It is in my neighborhood, (2) It helps the kids in the neighborhood, (3) The school is good, good teachers, (4) The Church is good, as a Latino Church, (5) Low cost for the school, (6) The services are good, (7) They treat people well, and (8) Bingo is fun.

Section Three

Summary

The results of these quantitative surveys, both "Users" and "Residents," clearly illustrate the perceived needs of the St. Columba neighborhood. The most commonly stated problems - and thus the most urgently stated needs - involve unemployment/underemployment, violence and crime, drug and alcohol addiction, and mental health problems.

This data points to the need for strengthening of current human welfare and health programs in the neighborhood and/or the addition of new programs in these areas of need. The data also clearly illustrate the relevance and importance of the Collaboration in the fabric of the neighborhood and the need for its position to be strengthened.

APPENDIX A

RESIDENT QUESTIONNAIRE

IV. HEALTH MATTERS

11. Does anyone in your household have

asthma _____
 diabetes (sugar) _____
 high blood pressure _____
 HIV or AIDS _____
 someone's heart _____
 heart disease _____
 other medical illness _____

(Specify) _____

12. Is anyone anyone have

A single parent _____
 Recently unemployed _____
 child _____ adult _____
 Divorced or separated _____
 Alcohol or Drug use (abuse) _____
 Have other serious health problems _____
 (Specify) _____

13. What is your usual source of health care

Private (Physician) _____
 Clinic _____
 Emergency Room _____
 Other (Specify) _____

14. Do you get your health care/prescriptions from private sources (drugs, insurance)?

Yes _____ No _____

15. Do you get your health care/prescriptions from elsewhere?

Yes _____ No _____

16. Is anyone in your household currently pregnant?

Yes _____ Age _____ Sex _____

17. YES, is the mother/Parent Care?

Yes _____ No _____

18. The previous two questions in this neighborhood also could result from environmental factors because of industrial or health problems?

Yes _____ No _____

IV. SOCIAL SERVICES

19. What is the most serious problem affecting your family?

Lack of work _____
 Poor paying job _____
 Housing problems _____
 Health problems _____
 Alcoholism - Drug or Alcohol _____
 Domestic violence _____
 Lack of health insurance _____
 Poor eye treatment _____
 Young people not in school, not working _____

(Other (Specify) _____)

20. Do you use any of the following agencies?

Social Service _____
 Family Service _____
 Employment/Training Program _____
 AIDS Program _____
 Neighborhood CEN _____
 Other (Specify) _____
 Don't Know _____

21. When there is a problem in your family, whom do you go to for help?

Family _____
 Friends _____
 Neighbors _____
 Church _____
 In Community: Yes _____ No _____
 School _____
 Neighborhood Club _____
 Other _____
 None _____

22. How many people in your family speak and understand Spanish?

10 _____
 9 _____
 8 _____
 7 _____
 6 _____
 5 _____
 4 _____
 3 _____
 2 _____
 1 _____
 0 _____

23. How do you feel about the social services available in the neighborhood?
 Very important _____
 Some important _____
 Little important _____
 Not important _____
 Don't know _____
 Very people who have no money, no jobs, no one to help _____
 Very poor people _____

APPENDIX B

USER QUESTIONNAIRE

ST. COLUMBA SERVICES

1) Which of the following services STC provides do you use?

Parish Church _____
Parish School _____
Daycare/ECDE _____

2) STC is the CIO, what specific services do you use?

3) Why do you use the services of St. Columba?

4) How would you rate the service provided at St. Columba in comparison to your needs?

Excellent _____ Good _____
Fair _____ Poor _____

5) How would you evaluate the quality of the services at St. Columba?

Excellent _____ Good _____
Fair _____ Poor _____

6) What St. Columba Collaborative (Family, School, CMO) social services are programs, what programs do you think are most needed?

Business Development, career jobs
Health Services, culture

Recreation _____
Art Training _____
Sports Program _____
GED Program _____
Programs for single mothers _____
Programs for young fathers _____
Career Preparation Program _____
Other (Specify) _____

7) MODERATE COMPLAINT

1) What is the top issue of your issue? _____

2) How many parishes do you live in? _____

3) How many people live in your household? _____

How many are female? _____
How many are students? _____
How many _____
Are there any other issues? _____
Yes _____ No _____

Are the services needed? _____
Yes _____ No _____

Describe the nature of the problem you have _____
Yes _____ No _____

4) Compared to other family members who live in the neighborhood?

Yes _____ No _____

5) How many people live in the house? _____

6) How many children under the age of 18 live in the house? _____

7) What is the highest level of education you have completed?
Grade 12 or less _____
Some High School _____
High School Graduate _____
Some College or Degree _____

8) How many family members
Partner/Spouse _____
Son(s) _____
Daughter(s) _____
Grandchild(ren) _____
Other (Specify) _____

9) What is your race?

Black _____
White _____
Latino/Hispanic _____
Other (Specify) _____

10) Is English your first language?

Yes _____ No _____

11) How often? _____

12) Where were you born?

United States _____
Panama _____
Other (Specify) _____

APPENDIX C

COMPLETE ANALYSES OF RESIDENT QUESTIONNAIRE DATA

ITEM NUMBER	TOPIC
Item 1	Residents Awareness of the St. Columba School, Church, and Club
Item 2	Club Programs in Which Residents Have Participated
Item 3	Reasons Why Residents Use the Services of St. Columba Neighborhood Club
Item 4	Reasons Why Residents Do Not Use the Services of St. Columba Neighborhood Club
Item 5	Respondents' Ratings of the Quality of Services Provided by the Club
Item 6	If the St. Columba Collaboration (Church, School and Club) Could Start One More Program, What Program Do You Think is Most Needed?
Item 7	Programs That the Respondents Believed the St. Columba Collaboration Should Initiate
Item 8	Number of People Living in Present Household
Item 9	Number of People Living in Present Household That are Family Members
Item 10	Number of Children Living in Respondents' Households
Item 11	Average Age of Children Living in Respondents' Households
Item 12	Specific Demographic Information on Respondents
Item 13	Number of Years in Present Home
Item 14	Additional Information Concerning Respondents' Households
Item 15	Age of Pregnant Women Reported by Respondents
Item 16	Number of Related Households of Respondents Within the Neighborhood
Item 17	Number of Adults Who Work Outside the Home
Item 18	Highest Reported Level of Education
Item 19	Respondents Reported Use of Benefits
Item 20	Respondents' Race
Item 21	Respondents' Languages

<i>ITEM NUMBER</i>	<i>TOPIC</i>
Item 22	Places of Birth of Respondents
Item 23	Respondents' Reported Incidence of Serious Illness in Family
Item 24	Respondents' Responses to Specific Home Situation Questions
Item 25	Respondents' Reported Usual Source of Health Care
Item 26	Respondents' Reported Use of Health Care
Item 27	Health Related Concerns of Respondents
Item 28	Most Serious Problems Affecting Respondents' Families
Item 29	Respondents' Use of Various Agencies
Item 30	Places Where Respondents Seek Help in Event of Family Crises
